Student of Information Technology, B.Tech | FSWD Intern at ShapeAI | ML, AI & Data Analyst Intern at Pantech Solutions | Django & WebDev Intern at Euphoria Genx

## INTERNSHIPS

### Full Stack Web Development Intern at ShapeAI

(10th July - Present)

Here, in this Internship, I've to be working on HTML, CSS, Bootstrap, Javascript, React, NodeJS, MongoDB along with the DevOPs part like deploying the web application to the cloud. Currently I'm Working under the mentorship of Aradhana Kund, Lead Full Stack Developer at ShapeAI Team.

### Machine Learning Intern at Pantech Solutions -

(1st May - 30th May)

Here, in this Internship of Machine Learning, I've to be working on various Machine Learning Algorithms for Data Extraction, Data Manipulation and Data Processing for future prediction along with real time Projects like - Plant Leaf Iris Detection using Decision Tree, Stock Price Prediction using SVM etc. Under the guidance of my mentor Sajay Sir, It was really amazing to be a part of this internships.

## OBJECTIVE

Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company. Become more Responsible and Knowledgeable Personality and Earn a Respectable Position in my Working Field as well as in The Society.

## SKILLS

**Programming Languages -**  
C, C++, Java, Python, R

**Full Stack Web Development -**  
HTML, CSS, Javascript, Angular, React  
NodeJS, Django

**Machine Learning Technology -**  
Machine Learning, Data Science, Data Analysis, Artificial Intelligence

**Database Technology -**  
MongoDB, MySQL, Firebase

**Android Development**

## TRAININGS & CERTIFICATIONS

- C & C++ Programming
- Basis of Java Programming
- Python Training
- Android Development using Kotlin & Firebase
- UX-UI Designing
- Machine Learning Training
- Data Science Training
- Angular Training
- Training on R Programming
- Web Development using HTML, CSS, PHP, XAMP

## LANGUAGES

**Native Language -**  
Bengali (Both Speaking & Writing)

**Others Language -**  
English (Both Speaking & Writing)  
Hindi (Speaking)

## HOBBIES

Paying Cricket, Football, Chess  
Singing  
Gardening  
Collecting Coins

## PERSONAL PROJECTS

### 1. Domain - Web Development

**Project -** E-Commerce Website like Amazon

Here in this project, I've developed an E-Commerce Website using HTML, CSS for the front end and have also used PHP for connecting the site with the backend. I've used XAMP for creating the database and have tested by creating local server on the machine.

### 2. Domain - Android Development

**Project -** Zomato Clone

Here, in this project, I've developed an food ordering android application using Kotlin programming language, XML for the UI part and as a backend, I've used Firebase.

### 3. Domain - UX-UI Development

**Project -** UX-UI Design of Instagram Social Media

Here, in this project, I've developed an interesting UX-UI Design of one of the most popular social media - Instagram using Figma.
